

pic freeze authorization form

LOCAL SERVICE WITH OR WITHOUT LONG DISTANCE

BAYOU REGION FORMERLY VISION COMMUNICATIONS

In order to avoid having your local telephone service and long distance carrier changed without your consent, Lafourche Telephone Company, LLC, dba REV, can establish a Preferred Interexchange Carrier (PIC) Freeze on your account. A PIC Freeze prevents a change to your preferred carrier selection unless you give us your express consent to remove the freeze. While the PIC Freeze remains on your account, you cannot be “slammed” or switched to another carrier without your written permission.

There is no charge for PIC Freeze service. If you would like to place a PIC Freeze on your account, please fill in the information below and return this form to the address below. You may OPT for PIC Freezes on your 1) Local Telephone service, 2) INTRALATA Long Distance service and/or 3) INTERLATA Long Distance service.

In order to remove a PIC Freeze, you must sign a Customer Authorization form stating your intent to lift the PIC Freeze. Placing a PIC Freeze on your account will delay processing of an order to change your PIC. The PIC Freeze Removal form is available at www.letsrev.com/removefreeze.

SERVICE CATEGORIES Check all that are applicable to this request.
